IN
MUSIC

Stand out!

Imagine a case containing beautiful music desks, each weighing less than a bag of sugar, and assembled in seconds. Cables hidden, perfect presentation effortless, with vibrant graphics and a stunning

design you'll be proud of.

Players happily work wobble free, cleverly cut curves allow extra knee room - accidental movement to the bases (and the music) are in the past.

After the last encore, desks are swiftly packed flat, safe until next time. Imagine.

Clients worldwide tell us we supply the best looking, most durable music desks available - anywhere.

If you'd like to concentrate more on the performance, contact BigBandStands - we can bring your imagination to life!

Printed banners for traditional music stands

FLEXIBLE BANNERS offer a fresh new way to make a huge impact on your stage set up - at minimal cost.

Our banners can be tailored to fit any type of traditional music stand. To keep things in place, we fit a magnetic strip for metal stands or supply Velcro dots for plastic units.

You can choose a traditional herald pointed V shape, geometric delta shape or a simple straight edge to the bottom of your banners - at any length you like!

Slots can be cut to accommodate the 'lyre' protrusion at the top of some stands, so they will always drape perfectly.

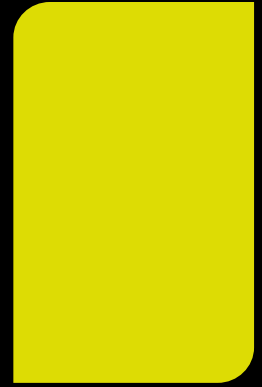

These vibrant banners, beautifully printed, on quality material will ensure that your band looks fantastic - for years!

Check out more information on our website, or call for a chat to discuss your options.
